The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

THE KAISER'S SIGNIFICANT ATTENTION.

There is considerable comment of the significance of Emperor William's conspicuous attention to the American Ambassador, Charlemagne Tower, during the present regretta week at Kiel. Whom the Kaiser selects to sit next to him at the dinner table is always an item of importance in German court etiquette. At last Friday's gala dinner aboard the imperial yacht Hohenzollern his majesty sat between Ambassador Tower and the Prince of Monaco. At Mrs. Goelet's luncheon on the Nahma on Saturday the Kaiser's neighbors were the host and Mrs. Tower. At Monday night's brilliant dinner at the Imperial Yacht Club at Kiel the Emperor sat between the crown prince and Mr. Tower. Yesterday Mr. Tower, with Allison Armour, accompanied the Kaiser aboard his majesty's American built yacht Meteor. It is suggested in many quarters that William is anxious for an alliance with the United States, as he has made strong representations as to the situation on the Pacific. A member of the German cabinet is reported as saying that the imperial government wishes Washington would appreciate the powerful assistance the German empire might be to the United States in case of hostilities in the far east.

Japan, it seems, is endeavoring to counteract any such movement. A dispatch from Kiel says that the presence of two Japanese war ships, the Japanese Minister, and several members of the Berlin legation at that place is regarded as having a distinctly political character possibly as a demonstration of friendship in preparation for making proposals to Germany for an agreement concerning the far East, similar to that recently arranged between Japan and France. Vice Admiral Ijuin, in command of the vessels, brought Emperor William an ancient piece of Japanese bronze, an eagle, with outspread wings, perched on the point of a cliff, and a message from the Japanese Emperior expressing the latter's good will and friendship. Admiral Yamamoto, former minister of the Japanese navy, who went to Europe with Prince Fushimi, is now in Germany, and has certain definate objects in view, the nature of which have not been disclosed.

The Chinese Revolt.

Refugees were fleeing to Hongkong from the districts affected by the revolution in South China when the steamer Empress of Japan, which arrived at Victoria, B. C., Monday left Hongkong. All reported the rebel movement as a most pretentious one, with an army organized after European methods. War notes, which the rebel leaders promised to redeem at twice face value after the call of Canton, were being issued, proclamations posted and everything carried out in form.

Most of the arms used are French quick-firing rifles and machine guns, smuggled during the last three years by way of Amoy and Canton.

After capturing the towns on the way to Swatow the rebel forces moved again northward, seemingly making toward Canton. Huichou, on the Kowleen main land opposite Hongkong, was captured, the Imperial troops being badly worsted.

France is taking advantage of the outbreak to press for a French expedition to Canton to protect that city, and Peking officials are reported as strenuously opposing such a move. Large quantities of supplies for the rebels are arriving at Hongkong in the names of foreigners.

Some bloody incidents are reported. At Wongkong, near Swatow, where the civil and military officials were butchered, as in other cities taken, Yang, a customs official, was killed bp the rebels and the standard was sprinkled with his blood, as were some of the banners. Families of some of the officials were forced to drown themselves in wells.

Refugees are arriving in sad condition, many having abandoned everything, even sick and children in their precipitate flight.

Outbreaks have been reported also from Hunan and Szechuan.

Wanted to Take Brother's Place.

John Beeman, a preacher of Montgomery, Ala, has appealed to the sheriff to be allowed to suffer death on the gallows for his brother, David Beeman, to be executed July 28, for the murder of his wife, whose head he split open with an axe. John made the point that he would go to heaven, that the sacrifice would work on the conscience of his brother and cause him to repent, in which event both would in the end be saved. He was much disappointed when told there was no way to accept his sacrifice. So much sympathy has been aroused that a movement is on foot to secure commutation of the sentence to life imprisonment.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 26, 1907.

THERE CAN be no possible reason for Governor Swanson's further delay in appointing a judge for this circuit to fill the vacancy caused by the resignation of Judge C. E. Nicol. In fact a judge should have been appointed at that time but it was urged by some that as a warm congressional canvass was in progress a postponement of the appointment should be had so as to entirely eliminate politics from the question. Why politics should ever have been injected into the question then, but few could understand, but now that the primary election to nominate a congressman has been held and the excitement consequent thereto quieted down no possible reason can be urged for a further delay in nominating a judge for this circuit. Governor Swanson should act in this matter at once. There is but one candidate, a man well fitted for the position, who has received the endorsement of the bar and business men of the circuit and there is no reason that his appointment should not be made immediately.

THE incorporation of the Barnsdall Oil Company in Delaware with $10,000,000 capital is understood to be the beginning of a big syndicate of western oil producers and gas companies to fight the Standard. It will be headed by Theodore N. Barnsdall, president of the Pittsburg Union Gas Company, who has large interests in Kansas. The public have little faith in reports that big trusts will fight each other. They have nothing to make by such a procedure—but possibly something to lose.

WORD comes from Washington that the Department of Commerce and Labor will enforce strictly this year the laws against overcrowding excursion steamboats. The local outing season is now in full swing and the public should be adequately guaranteed against calamities caused by overcrowding.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 26.

Edwin S. Holmes, jr., the former Associate Statistician of the Agricultural Department, who the government is now trying to have punished on the charge of giving out of advance information of cotton statistics, for stock speculation, took the stand in his own behalf, in criminal court today. This followed the action of Justice Stafford in overruling the motion of his counsel, that he be dismissed, because his offense, if proved to exist, was in violation of no statute. Holmes testified that his connections with Theodore H. Price the cotton king, related to the establishment by Price, of a crop reporting bureau of which Price was to have charge.

Official hunter of the United States is the title that J. M. Moody is to bear, in connection with his appointment to rid the Dixie National Forest, in Utah, of predatory wild animals. The animals have inflicted so much loss on farm animals belonging to ranchers that complaint was made to the forest service. Moody was recommended as being far from a mollycoddle, in fact, just the man to wipe out wolves, coyotes and cougars. So the government has given him the job.

Carrie Nation was arrested again last night and charged with disorderly conduct. She went into the saloon of John Driscoll, at 625 D street, and made herself obnoxious to the patrons. She will appear in the police court this morning, having spent the night in the House of Detention. Carrie Nation was fined $5 in the police court today for creating a disturbance on the streets last night. She declared that a special dispensation from God made her uphold the cause of temperance, in order to root out the hell holes of infamy. She said she did not have the money whereupon the Prisoners Aid Agent produced it, and Mrs. Nation was freed.

Continued increase in the foreign trade of the United States is noted. During May of this year the exports amounted to $134,709,612, an increase of over 4 millions above those of the same month of the preceding year. All of this increase however, was in food stuffs, crude or partly or wholly manufactured, and in crude materials for use in manufacturing. The exports of manufactured goods fell off over $7,000,000.

Judge Wm. F. Frear was today appointed by the President, Governor of Hawaai, to take effect August 15. Judge Frear is a Californian, a member of the Supreme Court of the Hawaii. The President has aporoved the retirement of Captain William S. Reed U. S. N., with rank of Rear Admiral.

Information came to the State Department today by Cable from Minister Meyer at San Salvador, and Minister Lee, in Guatemala, to the effect that Nicaraguan forces are being concentrated at Strategic points, apparently for the purpose of invading Salvador and Guatemala.

The arguments in the Spokane rate case, which were to have been made before the Interstate Commerce Commission today, have been postponed until tomorrow in order to allow the arguments in the case involving rates on cattle shipped from the southwest to be completed. In the question must be considered water competition, railroad valuation and the long and short haul clause of the Interstate Commerce act.

The New York Stock Market.

New York, June 26.—Union Pacific rose 1¾ Price movements were all to higher levels during the first hour and were important not so much for the gains made today, as for the fact that yesterday's advance did not bring in any material amount of stock but instead induced a generally increased demand.

News of the Day.

Joseph Murray, a New York contractor, has been arrested on suspicion of being connected with the murder of Julius Rosenheimer in New York recently.

Miss Louisa Schmitt, aged 16 years, of New York yesterday fought off two colored burglars with a hatpin until she was overcome by a blow from a revolver and chloroform.

Conditions in southern France are said by newspaper correspondents to be still serious, notwithstanding the announcements made by the government to the effect that quiet is being restored.

Mrs. Virginia Spear, aged sixty-three years, and Mathias Forney, aged seventy two, were married at Baltimore yesterday afternoon at the residence of the bride's sister, the ceremony being performed by Rev. Robert Gamble Lee, a relative of both bride and groom.

The body of Grace Burns, a fifteen-year-old girl, who disappeared from her home at Fargo, on last Friday, was taken from the Red river yesterday afternoon. An examination of the body indicates that the girl had been assaulted and then killed by being choked. There is no clew to the murderer.

Harry K. Thaw's condition after a year spent in prison is such that he was ordered to exercise daily in the prison yard. The hot weather and the months of confinement have combined to break down Thaw's health. Thaw was so weak today he could only walk twice about the prison yard. It was the first time Thaw has really been out of doors since he was locked up.

"Lord Stanley, Earl of Aberdeen," who claims to be King Edward's cousin, married Miss Irene Clayton, a wealthy spinster of Calvert county, Md., in defiance of the vigorous opposition of the lady's brothers. He left his bride yesterday and later was arrested at Lincoln, Pa., on the charge of desertion. When he was taken back to Calvert last night to face his wife there was almost a riot, and Stanley was taken to Oxford for safe keeping.

A dispatch from Santiago, Chile, says that it is officially announced by the Pacific-Steam Navigation Company, that only one passenger was aboard the Santiago, wrecked in a heavy squall fifty miles north of Corral, and he was drowned. The only survivor was the fourth officer. All the rest of the crew, numbering ninety and including twelve English officers are said to have perished. Only one boat was launched and it was dashed to pieces on the rocks after drifting for several days.

During a thunderstorm which swept with disastrous effect over Takoma Park near Washington late yesterday afternoon the home of Maurice Appleby was set afire by lightning and burned to the ground. The occupants of the house narrowly escaped death from the flames. Mrs. H. L. Morris, wife of an electrician who boarded with the Applebys, while shutting the window of her room, was struck and rendered unconscious. Both her right arm and right leg were terribly torn and burned.

Unusual secrecy surrounds the evidence taken in the divorce action brought by Mrs. Constance Knower Drayton, a society woman of Manhattan, against her husband, Henry Coleman, Drayton, a grandson of Mrs. William Astor, as all the papers were filed away yesterday in a sealed enveloped in the Westchester county clerk's office at White Plains, by order of Supreme Court Justice Tompkins. Before the papers were sealed Justice Tompkins signed an interlocutory decree of divorce in favor of Mrs. Drayton.

Defies Court.

Chicago, June 26.—The Standard Oil Company defied the courts of the United States today when it told, through its attorney, John S. Miller, Federal Judge Landis that his request for information as to profits of the company was "impertinent, extra judicial and without the jurisdiction of the court." Arguments are now being heard and it is probable that the Standard will be fined today in accordance with its conviction for rebating.

Chicago, June 26.—All the directors of the Standard Oil Company that the court may wish to question have been subpoenaed to appear July 1st.

Mysterious Death.

New York, June 26.—The police today are investigating the circumstances surrounding the death of a comely young woman at the American Hotel where she was registered as Mrs. James Harding, wife of a Hoboken business man. Opium poisioning is given as the cause of death and the police are holding Harding pending an inquiry. Harding was later arraigned in the Tombs Court and charged with aiding and abeting a suicide, the police preferring to accept the suicide theory until they can complete their investigation. He was held without bail.

Shot by Assassins.

New York, June 26.—Ambushed by the brush on a road near Cliffside, N. J. on the top of the Plaisedes four men were fired upon by three assassins today. One of those shot was killed, two are dying and the fourth is seriously wounded. Their assailant escaped. The men were on their way to work. The names of the participants to the affray are as yet unknown. A feud is supposed to have caused the shooting.

Train Wrecked.

North Platte, Neb., June 26.—The Los Angeles limited, the crack train of the Union Pacific has been badly wrecked near here. The train had just cleared the bridge over the North Platte river. All the coaches were overturned and many of the passengers were injured. None is reported killed.

The Regatta.

Poughkeepsie, June 26.—There is a dark sea-horse entered in the big regatta to be run here this afternoon, and until the winning crew glides across the imaginary line late this evening no one is going to know the exact ability of that aquatic derby.

Geneva, June 26.—President Roosevelt has written Dr. Jackson, secretary of the American committee, which is erecting a monument to Calvin here accepting the presidency of the committee with pleasure.

Ten Bombs Throwers.

Tiflis, June 26.—Ten bombs were hurled in Erivan Square today exploding with terrific force. Many persons were killed and injured and the houses over a large area in the neighborhood were shattered.

THE LOVING TRIAL.

As stated in the Gazette of that day Judge William G. Loving went to the witness chair in Houston yesterday to tell his story of the causes of the killing of Theodore Estes, in Nelson county, with which he stands indicted. Loving told his story with great emphasis and considerable emotion.

Miss Elizabeth Loving, the daughter of the man being tried for his life, was also a witness for her father, and she made a most dramatic recital of the story which was told to her father the day following the buggy ride. Several times she broke down and cried, stopping the proceedings of the court.

Miss Loving was called just before 3 o'clock. She came into the room with her father. She wore a black silk waist, a black skirt, and a black hat. She was accompanied by Miss Anne Sneed, a teacher in a female college at Lynchburg. Miss Loving was closely veiled, but as she was called to the stand Miss Sneed removed the veil, disclosing an intelligent face. She is a pretty woman.

As she took the stand it was seen she was laboring under great excitement, and almost as soon as she was asked the usual preliminary questions she began to show traces of breaking down.

She proceeded with her story with great embarrassment and emotion, and stopped several times to give vent to her feelings by crying.

Miss Loving related all the details of the drive, going over practically all the ground covered by her father, and telling just what had happened from the moment she had started on the drive with Estes until she regained her faculties in the home of Mrs. Kidd at a late hour of the night, not knowing where she was at first.

It was a statement that showed that what Loving had just said she had told him was repeated almost word for word. The stories told were remarkably similar in all respects, and they made the impression that they were sincere.

Not a woman has been in court during the trial save those who have been called to testify. All others are remaining away from the court room, which is packed with men.

Judge Loving took the stand about noon, and for an hour gave a thrilling review of the case.

Judge Loving began by saying that the day following the ride in the buggy, Harry Sneed came to his home about 9 o'clock in the morning and told him that he had received information concerning indignities offered to Miss Loving, and that he (Sneed) believed it to be his duty to inform him, though he told the happenings with considerable embarrassment and hesitation. The story told Loving by Sneed was this:

After leaving the home of Judge Loving with Sneed, Miss Loving went to the home of Miss Kidd, at Lovingston, to spend the night. Just as they drove into the village, Miss Kidd was getting into a buggy with Theodore Estes for a drive. Miss Loving went to the home of Mrs. Spencer and remained till Miss Kidd and Estes returned from the drive, and Miss Kidd requested Estes to take Miss Loving for a drive.

This the young man did, and they started off. They went in the direction of Miss Loving's home, turned the horse and drove back to Lovingston, where Estes alighted and went to his room, remaining for a few minutes. When he returned he entered the buggy and drove in the opposite direction to that first taken. After going about a mile or two Estes pulled a bottle from his pocket and offered Miss Loving a drink of whisky.

She at first declined to take any, but when she told him that she was feeling badly he insisted, and said that the liquor would benefit her. She said she had taken a small drink and that in a few moments she began to feel faint and dizzy. She had then requested that he drive her home, and they started on the return in the direction of Lovingston.

Arriving at the forks of the road, instead of taking the road leading to Lovingston, Estes had taken a road leading to the mountains and which was unfrequented and new to her. She continued to grow weaker and sicker and could not tell where she was.

When they had gotten some distance, she did not know how far, he forced himself upon her. She resisted and fought as long as her strength lasted, and then began to scream. Estes had placed his hand over her mouth to prevent her screams, and at that point her mind became a blank and she did not know what had happened.

This was the story told witness by the girl's uncle, and Loving said that he did not know what to do. He would not go for his daughter himself, but sent his wife, for the reason that he was afraid to trust himself at any place where he might see the young man. The carriage for Miss Loving returned without her, the drive bringing a note from Miss Kidd saying that Miss Loving was then ill, and that if she recovered during the day she (Miss Kidd) would drive over with her. Mrs. Loving was then sent for her, and she arrived about noon. After dinner the witness had called his daughter into his parlor and he told her what her Uncle Harry Sneed had said, and asked her if it was true.

"My daughter fell upon her knees," said Judge Loving. "She told me that Estes had taken her for a drive, confirming just what Sneed had told me. I then asked her if Estes had offered her any indignity, or had attempted to assault her, and she told me that after getting up the road leading to the mountains, while she was unconscious and in a dazed condition, he had forced himself upon her. She said, between sobs, that she had fought him off and had screamed, and that when she had screamed Estes undertook to restrain her by placing his hand over her mouth. Then she lost consciousness.

"My daughter was my pride. I admired her for her beauty and for her purity, and I would not have hesitated to have killed the man who might have whispered a word against her. Her statements shocked me and swept me from my feet; and I say now that all the powers of the earth could not have restrained me from seeking out the man and killing him.

"I got my horse and buggy and went to my office. There I saw my shotgun standing in the room. I took this and went to my desk and opened a drawer, taking therefrom six shells. I then got into the buggy and drove to Lovingston. Going to the store kept by Estes I asked if he was in, and was told that he was at Oak Ridge. I drove back to that point and asked if Theodore Estes was there. Some one directed me to a car, in which I saw two colored men at work. I went to the door and saw Estes inside the car. I waved to the negroes to stand aside.

"I then said to Estes: 'So you are the young man who takes young ladies out driving, drugs them, and ruins them.' I then raised the gun and fired at him. The shot hit him, and as he fell I fired the second time. When I saw Estes in the car I thought from a movement he made that he was trying to escape through the door on the opposite side of the car.

"After shooting the man, I went back and got the horse and buggy I had left at the livery stable, and drove off. I saw T. H. Maginnis, a friend of mine, and asked him to enter the buggy with me and to go with me, telling him that I had shot Estes and wanted to surrender to the officers of the law. I found the justice of the peace and informed him of what I had done. I was taken into custody and went to Lovinnston where I was committed to the constable. I then made an application for bail.

"Estes, when he had taken the girl to the home of Mrs. Kidd, went for a doctor, telling Dr. Strother that she was suffering from too much whisky, and to treat her and say nothing about it. My child had told me that she knew nothing at the time the attack was attempted till a late hour at night, when she awoke to fine herself in the bed in the home of Mrs. Kidd."

The prosecution asked Judge Loving but a few questions, and he stood aside, and Harry Sneed was called to the stand. He 'repeated the conversation' he had with Loving, corroborating the preceding witness in every detail, except that Sneed said he went to Loving's home about 8 o'clock, while Loving had said that it was about 9 o'clock.

Following the evidence of the witness named, the defense called and introduced Dr. C. W. B. Tunstall, of Lovingston, and Dr. Melvin of Houston, who testified as to the condition of a man's mind when informed of the facts as they had been related to Judge Loving by his daughter.

This evidence is to admit the instruction for the defense showing that the mental condition of a man was such that he could not be held accountable for his actions. This will give the jury the power to acquit the accused on the "unwritten law" theory. The defense will close today.

Houston, Va., June 26.—Sheriff John P. Beard, of Amherst county, was the first witness called upon the convening of court in the Judge Loving murder trial today.

Judge Loving, said the witness, has often suffered with delirium tremens. The defendant is pale and nervously twitches his moustache. Among those who occupied seats near the prosecuting attorney were three brothers of Governor Swanson from Danville. John P. Swanson, who is taking a leading part in the prosecution, married a sister of young Theodore Estes. There were no women in the court room at the opening today.

B. R. Harrison, the second witness called, testified along the same line as Sheriff Beard. He was for many years an intimate friend of Judge Loving and testified concerning the dissipation of the defendant and his devotion for his daughter.

"My Elizabeth is the bravest girl in the world," said Judge Loving today. "Her sacrifice for my sake wrung my heart. I did not want her to make it, but she insisted. I think every heart will be touched by her story. She is a martyr."

Miss Loving is nearly prostrated by her experience yesterday and her physicians say it is doubtful whether she will be able to last out all of today in the court room.

Murder In Loudoun County.

Robert Carlyle, aged sixty-six years, was killed at his home, near Bluemont, Loudoun county, Monday evening, by Dunk Willingham, of Front Royal.

Willingham's sister was housekeeper for Carlyle, and it is said that last Tuesday Willingham went to Carlyes's home and shamefully abused and cursed her. The latter had him arrested and bound over to keep the peace.

On Monday, however, Willingham, accompanied by the father, John Willingham, went to the home of Carlyle again. On their way they borrowed a singlebarrel shotgun from Bernard Tinsman and purchased a box of cartridges at the store of Mrs. Tumbling, near Bluemont. They explained to Mr. Tinsman that the were going squirrel hunting.

Upon reaching Carlyle's home they took a few drinks with him and then, becoming disorderly, were ordered from the place. At the gate young Willingham turned, and, with the words "I will blow your heart out," fired his gun. The shot was imbedded in Carlyle's left breast, causing death in about fifteen minutes.

Willingham disappeared immediately after the shooting, but was captured at Berry's Ferry about midnight by the sheriff of Clarke county. He was lodged in the jail at Berryvilie until yesterday morning, when he was taken to Bluemont with his father, and was given a hearing before Magistrate Throckmorton, who sent them on the grand jury. They were taken to Leesburg on the early train yesterday morning and lodged in jail.

It is said that the elder Willingham borrowed the gun and purchased the cartridges with which the shooting was done. Young Willingham is only nineteen years of age.

City Council.

The City Council was in session about an hour last night. The reports of the Auditor, City Treasurer and committee on light were submitted, and about an average volume of routine business was transacted.

BOARD OF ALDERMEN.

All the Aldermen were present, and the business which came before the board was transacted without debate.

Mr. Sweeney of the finance committee in presenting the report of the Auditor and the City Treasurer said:

The probable or estimated receipts for the fiscal year ended May 31, 1907, were placed at $127,000, when the appropriation bill was reported by the finance committee in May 1906. The Auditor's report which I present tonight places receipts at $149,500. While I have no intention of entering into lengthy explanations, yet it is not inappropriate on my part to briefly explain our fiscal condition. An excess in receipts over estimates of $22,500 is not an evidence that a burdensome tax levy was made upon property real or personal, any more than an excess of $17,000 in expenditures, beyond the estimated expenses for the year, indicates a waste of our public funds. It was anticipated that from taxes, licenses, police court fines and the Gas Works $120,500 would be realized, a moderate estimate when it is shown that $129,250 has been paid into the city treasury from these four sources. The sale of the electric light plant and franchise for the sum of $8,500 and the voluntary payment of paving bills for street improvement bills of Royal, Fairfax, Cameron, and Princess streets to the amount of $5,495, will inform those sufficiently interested just how the excess of $22,500 in receipts was obtained. If members of Council trace the city reports they will see the various appropriations for the year 1906-1907 amounted to $125,000, and the Auditor's report tonight shows we have expended $141,813.82 or $16,813.82 more than the appropriation bill called for. A few items will suffice to explain this. Rebuilding engine for the Columbia Fire Company cost $3,500; an additional appropriation for the public schools, $2,900; stone crusher, steam roller, and building houses for same on jail lot $4,000; and the purchase of a note of the City School Board for the sum of $5,000; Firemen's Association, $300; the Alexandria Light Infantry, $200; Alexandria Gas Works, $450; Associated Charities, $250. Total $16,600. This shows how the $168,13 was expended and furnishes ample proof that those in a position to exert any influence in checking or making proper efforts to prevent any waste of the people's money were not remiss in their duties, or indifferent as to results. The general fund receipts are in excess of those of any previous year. I have already said, but the statement will bear repetition.—A burdensome tax levy was not laid upon properly real or personal. This proposition can be, and is, illustrated by comparing the accounts of 1876.77. For that year the tax rate was placed at $2.20 per hundred with a discount of 10 per cent. for prompt payment, or about $2 00 net. The collectors reported collections amounting to $98,000. That year only $7,200 was appropriated for the use of the public schools; $1,916 for cleaning streets, and $4,000 for every character of street work. It required $66,590 to pay interest on debt and pay loans. We will only have to pay out $31,590 for interest on debt the coming year, or less than half as much as in the years mentioned. There will be, if plans as to street work do not miscarry, fully $40,000 or $45,000 spent this year on streets and sewers. Compare this with the mere pittance expended on streets 30 years ago. The tax rate of today is thirty cents less than the rate of those years; gas is furnished at $1.50 less per 1,000 cubic feet, our streets are lighted by electricity, our citizens are furnished with electricity for every purpose; no temporary loans for many years, All go to show that prudence and proper economy in no way antagonize conservative progress."

Mr. Sweeney presented a petition of Mr. C. J. W. Summers for permission to enlarge his frame store at the southwest corner of Duke and Alfred streets, a metal roof to be used on the structure. The permission was granted.

Mr. Summers introduced a resolution looking to the improvement of Henry street from Wolfe to Gibbon, which was referred to the committee on streets.

The report of the committee on streets recommending an appropriation of $1,200 for the improvement of Alfred street from Prince to Duke was laid over.

An adverse report of the committee on public property on an ordinance granting the use of an alley in the rear of the Reliance engine house to the Schuler Beef Company was received from the Common Council.

Mr. Hill was not in favor of concurring in the action of the lower board, and he requested the board to grant Mr. Charles Bendheim, counsel for the Schuler Beef Company, permission to make an explanation to the board. The permission was granted, when Mr. Bendheim explained the object of the petitioners.

The attention of Mr. Bendheim was called to the fact that the Common Council had passed a resolution appropriating $25 for the removal of the shed east of the engine house, which would enable the Schuler Beef Company to use the alley. Mr. Bendheim said the provisions of the resolution would be satisfactory to his clients.

The report of the committee and the resolution were subsequently adopted.

The Aldermen concurred in the action of the lower board on all the other papers sent in.

COMMON COUNCIL.

The board was called to order at 8:15 o'clock.

The committee on streets reported a resolution appropriating $600 for a sewer on north Washington street, from Pendleton to Wythe streets, with a recommendation that it be passed providing three-fourths of the property owners pay their pro rata of cost. The report was adopted.

The same committee reported favorably on a resolution appropriating $1,000 for a 27-feet broken stone roadway on Alfred street from Prince to Duke, providing three-fourths of the property owners pay their share of the cost.

Mr. Evans said the citizens on the square were opposed to that kind of street. They wanted a modern street of vitrified brick. He said that in the absence of Mr. Spinks, who had introduced the resolution, the matter should be laid over until the next meeting.

Mr. Hellmuth was of the same opinion, and asked if there was a sewer on the square.

Mr. Leadbeater replied in the negative, but said an appropriation had been previously made for a sewer on that square which would be built when the property owners paid their share of the cost. If the citizens were not satisfied with the kind of street the committee proposed they need not pay their share of the cost and that would kill the measuer.

The report of the committee was finally adopted.

On the resolution that Columbus street, from King to Queen street, be improved at a cost of $8,000, the committee on streets recommended that an ordinance be prepared for the paving of the street.

Mr. Leadbeater asked that the matter be referred to the committees on streets and finance which was done.

The committee on streets also reported on the petition to curb and gutter Fairfax street at the corner of Jefferson with a recommendation that $400 be appropriated to lay cobble and brick gutters five feet wide.

The chair stated that City Engineer Dunn had examined the street and recommended three sides be guttered. The place certainly needed draining, as it was at various times impassable.

The report was adopted.

The committee on public property reported adversely on an ordinance to grant the right of way over an alley adjoining the Reliance engine house to M. Schuler & Sons.

Mr. Marshall stated that the committee had found that the Reliance Company had a shed on the alley, and that the committee would ask for an appropriation of $25 to remove the shed and open the alley.

The report of the committee was adopted.

The same committee reported a resolution that the committee on public property be instructed to remove the shed on the east of the Reliance engine house, which was adopted.

The committee also reported a resolution that that committee be instructed to advertise for bids for the sale of the old Hydraulion engine house. The resolution was referred to the committee on public property, finance and general laws.

The committee on light presented the report of John B. Waller, Clerk of Gas, for the year ending May 31, 1907, with their approval. The report shows the city gas works to be in excellent condition, and states that $15,500 had been turned into the city treasury. A considerable quantity of gas had been lost through an accident in connecting the main pipes on West street, which could not have been avoided. The net cost of gas used by the city was $6,305.03, a decrease over the previous year.

Mr. Uhler stated there had been no better showing made by the gas works during the last twenty years. He also read the report of Superintendent Latham, which shows the machinery and mains to be in good condition, and the superintendent states that should an emergency arise the works could produce 50 per cent. more gas than they do at present.

Mr. Leadbeater moved that the report be adopted and the thanks of Council be tendered the committee on light. The motion was unanimously passed.

Mr. Birrell said he was gratified to hear that the works could produce 50 per cent. more gas. He was still in favor of his idea that the city purchase gas stoves and sell them to consumers at the cost price. He thought the city should adopt some method to increase the consumption of gas. The committee, he said, had indeed made an excellent showing.

An ordinance to established the curb grade on Washington street from Queen to Wythe street was passed.

A petition from Louis Krexsin for permission to sell handkerchiefs, shoe strings, &c. on the street corners, the license rate to be $1 per day, was referred to the committee on finance.

A petition from the Relief Hook and Ladder Company for $100 to defray the expenses of that company on a trip to the Firemen's Convention at Newport News was referred to the committee on finance.

Mr. Birrell offered a resolution appropriating $378.28 to pay the bill of the Pinkerton Detective Agency for services in the Curtin murder case. The resolution without debate was referred to the committee on finance.

The annual reports of the city auditor, E. F. Price, of the City Treasurer, and T. W. Robinson, were read. The reports show that on June 1, 1906, there was a balance in the city treasury of $1,285.74, and on May 31, 1907, the balance remaining was $7,695.18. The disbursements during the year were $141,813 82. The total receipts for the year were 149,509.

A petition for a macadam roadway on Henry street, from Wolfe to Gibbon, was referred to the committee on streets.

The petition of C. J. W. Summers for premission to improve the store at the southwest corner af Duke and Alfred streets was received from the Board of Aldermen and their action concurred in.

The chair stated that he had recently petitioned that an arc light be placed at the corner of Union and Franklin streets, He had since examined the place and had found the place exceedingly dark. Inasmuch as an arc light would cost $75 or $80 the citizens of that neighborhood would be satisfied with an incandescent light at that point. He was of the opinion that people on the outskirts should be given some consideration.

Mr. Birrell agreed with the chair and said that the light ought to be placed there. The city had not treated the people living on the outskirts of the city in the right manner. He moved that and incandescent light be erected by the committee on light at that corner. The motion was unanimously adopted.

The board then adjourned.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DEATH OF J. S. DOUGLAS.

Mr. James S. Douglas, one of the oldest and most generally esteemed citizens of Alexandria, died at 9 o'clock last night at his home, 913 Cameron street. The deceased was in the eighty-second year of his age. Mr. Douglas was a native of this city and was one of the two surviving veterans of the Mexican war here, having left Alexandria as a lieutenant in the company commanded by the late Montgomery D. Corse, who became a general in the civil war. In early life Mr. Douglas engaged in mercantile pursuits and for a time with his brother conducted a store on King street. He was later connected with business houses in Alexandria. At the close of the civil war he became agent for the Southern Railway, a position he held until a few years ago, when he relinquished the same on account of his advanced years. He was a member of Alexandria-Washington Lodge of Masons and was serving his forty-sixth consecutive year as secretary of that lodge. He was for several years a member of the Common Council, and was at one time President of that board. He was also a candidate for Mayor about twenty years ago. The deceased is survived by one child, Mr. J. Sidney Douglas, the teller of the Citizens' National Bank, and several grandchildren. The funeral will take place tomorrow afternoon at 5 o'clock. The pallbearers will be Messrs. A. G. Uhler, T. W. Robinson, C. H. Yohe, C. W. Ashby, C. W. Bell and A. E. Smoot.

FINED FIFTY DOLLARS.

Among the cases before the Police Court this morning was that of a young colored man named Leonard Manning, who was charged with assaulting Hallie Richardson, also colored, with a razor. The assault took place about 12 o'clock last night near the intersection of Queen and Fayette streets. The man accused the woman of having in her possession a key belonging to him. The woman denied having the same, when he drew a razor, caught her by one of her arms and made a slash at her hip. The razor cut through her clothing, but failed to reach her flesh from the fact that she bent her body into such a position as to avoid the full force of the thrust. Officers Knight and Lyles were close by and witnessed the assault and they took Manning in charge and disarmed him. The darkey was brought into the Police Court this morning, and his main defense was his assertion that "the razor was no good anyhow." He was fined $50, and if he fails to pay the assessment he will spend the summer on the chain gang. Manning has been arrested on other occasions for assaulting women.

MISSING BOYS.

The Washington police boat Vigilant yesterday went to Glymont to search for the body of Henry Volker, eighteen years old, of Washington, who is supposed to have been drowned Monday while on an excursion with a number of school companions. Young Volker, with several schoolmates from Gonzaga College, chartered the tugboat Bartholdi, Capt. William Davis, of this city, for a day's trip on the river. Upon reaching Glymont, the boys decided to go in bathing. Young Volker was seen to leave the water and make his way into the woods. It is believed that after returning from the woods he entered the water again, and in attempting to swim back to his companions was seized with cramps and sank before the other members of the party realized what had occurred.

The police have been requested to look out for Julius Weech, about seven years old, who disappeared from his home yesterday evening. The boy, who has been an inmate of the Children's Home, was recently adopted by Mr. Clarence Sampson, whose home he left yesterday.

WEDDING.

Miss Hazel M. Mason, daughter of the late Lucien and Alice Mason and niece of Mr. and Mrs. Willis Goodrich, and Mr. Edwin Hook, a very popular young business man of Lynchburg, were married at the rectory of Christ Episcopal Church by Rev. W. J. Morton at 10 o'clock this morning. The bride was attired in a very becoming princess dress with hat to match, and carried a shower bouquet of sweet peas. She was attended by Miss Sallie Patterson, of this city, who wore white net over white silk and carried a bouquet of sweet peas. The groom was attended by Mr. Wallace Edmonds, of Lynchburg. After the ceremony Mr. and Mrs. Hook left immediately for their future home in Lynchburg. Mrs. Hook has many friends in this city, who wish her a life of happiness.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were before the court this morning:

Leonard Manning, colored, charged with assaulting Hattie Richardson, also colored, with a razor, was fined $50.

A white man, charged with removing a spiggot from a hydrant in a house formerly occupied by him, had his case continued until tomorrow.

Charles Williams, charged with vagrancy, was sent to the workhouse for 30 days.

Luther Williams, a colored boy, charged with throwing missiles in the market court, was turned over to his guardian for correction.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

Com. vs. John Ryan, indicted for assault and battery upon J. K. Schwatz; prisoner pleaded guilty, and was sentenced to serve six months in jail.

Com. vs. Charles Markell and Harvey Robinson, indicted for the larceny of copper wire belonging to the W. U. Telegraph Company; cases continued till the first day of the September term, to which time the other criminal cases will probably be continued.

The estate of J. Bayard Harris was committed to R. H. Cox, sergeant, for administration.

PERSONAL.

James Pulman, son of Mrs. Kate and the late Sidney Pulman, who had been an inmate of the Alexandria Hospital for several weeks past suffering from the effects of an operation for appendicitis, has been removed to the home of his grandfather, former Chief Webster. He is now convalescing slowly.

Mrs. Sallie Kinzel Walker and two children, of Alexandria, are on a visit to the former's mother, Mrs. Lucy Kinzel.—[Winchester Star.

Rev. Edgar Carpenter has returned from Philadelphia where he went on Sunday to attend the funeral of his brother, Mr. C. R. Carpenter.

Mrs. N. B. Wood is extremely ill at her home on Pitt street.

Commonwealth's Attorney Samuel G. Brent, of Alexandria, a warm personal and political friend of Mr. Charles U. Carlin, who was last week nominated for Congress in the Eighth district, was in the city yesterday, and was a caller at the Capital. — [Richmond Times-Dispatch. It is said that Mr. Brent called on the Governor in reference to the vacancy in the judgeship of this circuit.

Mr. and Mrs. Thomas E. Pattie, of Warrenton, have issued cards announcing the marriage of their daughter, Lucy Johnson, to Mr. William R. Hickman, of Baltimore. The marriage will take place at noon Thursday, July 11, at the home of the bride.

ORGAN RECITAL.

A recital upon the new organ will be given at the M. E. Church South on Friday night by Prof. Bischoff, of Washington, assisted by Miss Mabel Latimer, soprano; Miss Nellie O'Hare, contralo; Miss Minnie Heinrichs, violinist, and Mr. Lewis Corning Atwater, accompanist. An interesting programme has been arranged for the occasion, and the public is invited to attend. There will be no charge for admission, but a liberal offering is requested, so that this extra and necessary expenditure may be fully met.

RUNAWAY.

The horses attached to the Columbia Fire Company's wagon ran away on Wilkes street at 6.30 o'clock this morning, and proceeding eastwardly collided with the water plug at the northeast corner of Wilkes and Fairfax streets. The animals were brought to a stop at that point. The shafts of the wagon were broken by the collision. No one was hurt by the runaway, but there was a stampede on the part of a number of people who were in the neighborhood at the time.

EXCURSION.

The Washington Retail Grocers' Association went on an excursion to River View today. The steamer stopped at this city this morning and this afternoon for the purpose of taking on Alexandria excursionists and will stop here at 7 o'clock this evening. Each ticket entitles the holder to a voice in a gold watch or a diamond ring. Foot races for boys and girls; potato, bag, tub and other races will be some of the features. Prizes will be given in each contest to the winner.

FUNERALS.

The funeral of the late Mrs. Mary J. Schofield took place from the residence, 317 north Columbus street this afternoon. Rev. Dr. W. F. Fisher, pastor of the First Baptist Church, officiated.

The funeral of the late Mrs. Sarah Mankin, took place this afternoon from the residence of her son Mr. Charles Mankin, 210 north Patrick street. Rev. Charles D. Bulla, pastor of the Methodist Episcopal Church South, officiated. The interment was made in Union Cemetery.

COMMITTEE MEETING.

A meeting of this senatorial district committee will be held at the Hotel Fleischmann, this city, tomorrow afternoon at 3 o'clock, to fix a date for the primary to nominate a State Senator. So far as known State Senator L. H. Machen, who is a candidate for re-nomination, has no opposition. The committee is composed of the chairmen of the district committees of this city and county and of Fairfax and Prince William counties.

SENT TO THE WORK HOUSE.

Charles Williams was arrested yesterday by Lieutenant Smith on suspicion of attempting to set fire to a house in the southwestern section of the city. He was brought into the Police Court this morning, but there was no evidence to show that he contemplated incendiarism, the fire it was supposed, having resulted from carelessness. Williams, however, was sent to the work house for 30 days under the vagrant act.

CIRCUIT COURT FOR THE COUNTY

[Judge L. C. Barley presiding.]

Columbia National Sand Dredging Company vs. Westinghouse Church Kerr Company; a suit to collect money on contract for building the Great Falls and Old Dominion Railway. Argued and submitted. Court adjourned till Friday next.

MUSICAL RECITAL.

The Misses Rotchford and their class of 1907 last night very charmingly entertained their friends at a studio recital. The young ladies acquitted themselves most creditably and showed great proficiency and careful training. The recital was well attended and was greatly enjoyed by all present.

TO SERVE SIX MONTHS IN JAIL.

John Ryan, who was recently indicted in the Corporation Court for assaulting and attempting to rob J. K. Swartz, was brought before the court this morning, when he plead guilty to the charge and was sentenced to serve a term of six months in jail.

RECEPTION.

Today's Telegraphic News.

Bloodshed in Lisbon.

Lisbon, Portugal, June 26.—Fired upon by the troops, hunted down like rabbits through the narrow streets and finally pursued by cavalry which rode down men and children indiscriminately, over 100 persons are dead and fully 600 wounded as the outcome of violent street demonstrations against the government in the three northern towns of Braga, Villareal and Vianna de Castello. Further troubles are expected before the trouble is quelled.

The mobs paraded the streets shouting "down with absolutism" and decrying King Karlos for his attempt to rule the country without parliament. Soldiers were met with volleys of stones. They replied with volleys which stretched scores of the rioters in the streets.

This did not quell the mob entirely, however. Persons on house tops continued to bombard the troops with stones and hot water.

Angered beyond all control, the soldiers began indiscriminate firing, Cavalry charged through the narrow streets, riding down every one in their wake. The exact casualties will probably never be known, as the police immediately removed the bodies of the dead and they were buried secretly.

A mutiny has occurred at Oporto to add to the seriousness of the conditions in Portugal. Members of the Fifth and Sixth artillery batteries refused to obey orders, demanding the deposition of King Karlos and the establishment of a republic. The mutineers were arrested, but this has angered their conrades.

Every day the situation is becoming more dangerous. Possible bankruptcy faces the country. Treasury receipts indicate a deficit of $10,000,000. and the gold reserve is only $6,250,000. There is little likelihood that a loan can be made unless ruinous interest is paid and it is impossible to increase taxes any more.

The Haywood Case.

Boise, Idaho, June 26.—Concentrating their fire on Harry Orchard, the defense in the Haywood trial resumed the effort today to prove the State's chief witness the "monumental liar of the world's history" and a hireling, from first to last, of the mine owners in their campaign to break up unionism among their employes.

The men Orchard mentioned as having been implicated with him in the various crimes, he admits, have turned up in surprising numbers to refute his accusations,

All day yesterday they filled the air with their denials. Supplementing this testimony was that of other witnesses called to testify to Orchard's connection with the mine owners, to his treason toward unionism and to his own reasons for desiring the death of former Governor Steunenberg, of Idaho, in whose assassination he accuses the miner's federation officials of complicity. It is likely the testimony along this line will continue until well toward the end of next week.

Direct charges of attempted intimidation of their witnesses are being made by the defense against the State's detectives and agents. It is alleged that representatives of the mine owners in Colorado have been placed in the court room so they can listen to the testimony of certain witnesses to contradict in rebuttal.

Fire and Loss of Life at Jamestown.

Norfolk, Va., June 26.—A big fire is raging at Jamestown. One hotel on Maryland Avenue and the Outside Inn are destroyed. The fire broke out this morning and is still burning. The fire is reported to have done great damage at Pine Beach, adjoining the exposition, but is believed the interior of the exposition is safe.

The Caroline, Berkely, Powhatan, Arcade, Outside Inn and some smaller hotels were burned.

A part of the outside of the War Path was also burned.

The fire at Pine Beach this morning did damrge to the extent of $150,000.

The blaze originated at 5:20 a. m. in the Berkely Hotel, on One Hundred and Second street, which is owned by Lane and Taub. How it started is not known. The ArcadeHotel was the largest and costliest of the burned structures. The investment, including furniture and equipment, represented something like $70,000.

Six lives were lost. The fire is now under control.

Killed by Overturning Automobile.

New Haven, Conn., June 26.—By the overturning of an automobile this morning, Daniel Leet Oliver, of Allegheny, Pa., a junior in the Sheffield Scientific School, was instantly killed, J. C. Colston, a Sheffield senior, of Baltimore, was seriously injured, and W. Strother Jones, Sheffield junior, of Red Bank, N. J., and Hudson a guest at the Yale commencement, from New York, were slightly hurt. The four started for a ride early today and were spinning along the railroad tracks at Centreville when Oliver, who was driving the machine, turned the machine suddenly to take the road bridge, but as he did so the car struck an iron post, disabling the steering gear. The machine then shot across the road and down a 10-foot embankment, turning completely over. Oliver was dead when taken from beneath the car. Colston suffered a broken nose and possible internal injuries.

[Mr. Jones is a son of Rev. W. Strother Jones and a grandson of the late J. H. D. Smoot, of this city.]

Degrees Conferred.

Oxford, Eng., June 25.—Mark Twain and Gen. Booth, head of the Salvation Army were rivals for honors today at the conferring of degrees on notable men. They were enthusiastically cheered. Degrees were also conferred on United States Ambassador Whitelaw Reid, Rudyard Kipling, Premier Campbell-Bannerman and many others.

Cambridge, Mass., June 26.—Three of the foremost diplomats in the world were honored with degrees today by Harvard University, Elihu Root, Secretary of State; James Bryce, British Ambassador, and Jean Jules Jusserand, French Ambassador to the United States, all received the honorary title of doctor of laws.

Sentenced.

New York, June 26.—Oliver M. Dennett, the broker, who pleaded guilty last week to indictments in connection with the looting of the Trust Company of America, was sentenced by Judge Rosalsky to a long term in prison. On one indictment the sentence imposed was not less than four nor more than five years, and on the second not less than one nor more than four years. At the same time in another court Douglass, former confidential clerk of the company, who performed the thefts, was sentenced by Judge O'Sullivan to three years' imprisonment.

Albert Surrenders.

Paris, June 26.—Marcelin Albert, who until yesterday was the leader of the wine growers in the Midi district, today surrendered himself to the authorities at Montpelier. This action was in accordance with the instructions given him yesterday by the committee of safety. It practically means the elimination of Albert as a factor in the wine growers' revolt unless some turn of affairs again places him to the front.

Murderer Visited by His Victim.

The Irwin B. Lewis, who is in jail at West Chester, Pa., awaiting trial on the charge of murdering little Mary Robbins Newlin, made a second confession after the one that District Attorney W. W. McElree partly repeated in so dramatic a manner Monday at the inquest of the child's death at Avondale is the report that was current last night at that place.

The district attorney refused to discuss the matter, declaring he had shown as much of his hand as he cared to. Yesterday Lewis was in a state of collapse, after a night of restlessness. When Dr. Scattergood, the prison physician, called yesterday morning, Lewis said that Monday night, in a vision, little Mary visited his cell, and that when he tried to talk to her she dissolved into a white cloud and drifted out between the bars.

Lewis' wife, who has both expressed faith in his innocence, yesterday deserted his cause.

Retired Miner Assassinated.

Pursued from Italy by relentless "Black Hand" agents, Antonio Sabeles, a wealthy retired Italian coal miner, aged sixty years, was yesterday morning foully slain at Midland mines, north of Washington, Pa., by a member of the dread Italian society.

Sabeles was forced to hurriedly abandon a long visit to his native land when he incurred the enmity of the "Black Hand" by refusing to be blackmailed. He arrived at Midland Saturday. On Monday night while he slept at the home of his son, Lewis Sabeles, he was overpowered and taken from the building, carried beneath the coal tipple and struck down in cold blood. He died in an hour.

Sabelea's son says that his father since his return Saturday lived in dread of assassination. There is no clew to his murderers.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Light Plant Damaged.

Three explosions of dynamite or nitroglycerin Monday night in the building of the Detroit City Gas Company, now in course of construction, in the heart of the city, wrecked the two boilers and the air compressor, shattered windows in buildings for a block around, and caused damage estimated at $3,000. Structural iron workers from Chicago are suspected of the crime, and it is believed to be an act of revenge against the Russell Wheel and Foundry Company, which has the iron contract on the building, and on this theory the detectives are working. The affair is the climax to a series of small plots to embarrass the Russell Company by injuring their equipment.

Salesman Murdered.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Rings Round Eyes

J-19-

The ills peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express.

Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

Notice to City Taxpayers.

Collector's Office, June 17, 1907.

Notice is hereby given that the tax bills for 1907 are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of that year:

"Upon all bills paid in full by the 1st day of July, 1907, the Collector of Taxes shall allow a discount of ten per cent., and on all bills paid by the 1st day of September, 1907, he shall allow a discount of five per cent., and on all bills not paid on the 1st of December, 1907, there shall be assessed and collected a penalty of five per cent. upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1908, damages at the rate of six per cent. per annum shall be paid."

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

P. F. GORMAN,
je17tjy1 Collector City Taxes.

NOTICE TO GAS CONSUMERS.

Gas bills for the quarter ending June 1, 1907, having been delivered, this is to notify all customers that the usual discount will be allowed on all bills paid on or before July 1, 1907. After that date no discount will be allowed and delinquents will be required to make early settlement. By order of the Committee on Light. J. B. WALLER,
je15 td Clerk of Gas.
